Morris Cottongim has a position at Corbin as clerk in a restaurant. — Mrs. J. H. Wallon and Mrs. J. C. McGuire visited relatives at Wildie this week. — Mrs. G. S. Griffin was called to Mt. Vernon latter part of last week on account of the illness of her little granddaughter, Edna Griffin. — Mr. and Mrs. W. M. Preston and two children of Ravenna, have returned home after a few days' visit with Dr. and Mrs. R. G. Webb.

— L. M. Westfield, dispatcher at Paris, Ky., was down Monday. This was his first trip for quite a while. When the dispatcher's office was here Mr. Westfield was a citizen of our town. He seemed well pleased to meet the boys that are still holding the fort here. — W. M. Preston, who once was a citizen of our little town, spent a few days. When the dispatcher's office was transferred to Louisville, it fell to Mr. Preston's lot to go with it, but later he has been transferred

to the office at Ravenna. Mr. Preston seemed pleased to visit old Livingston again, and meet her good people. As a rule when once one has had the pleasure to live in Livingston and moves away it is always a pleasure to return. — Sam Stallworth has moved his family to East Bernstadt and will farm this season. For several years he has been railroading. — W. A. Todd, of Level Green, has been visiting his sister, Mrs. J. H. Owens, a few days last week. He is seventy-two years old and made the trip afoot in one day, by the way of Mt. Vernon. — L. H. Davis is building a brick house. One part of it will be occupied by the First State Bank, and other rooms for offices. The structure will be a credit to Livingston. — J. B. Hayse has moved into his property over the river that he purchased of L. H. Davis. — H. L. Nicely bought of El Haisel a house and lot on Main street; price paid \$800, and El Haisel bought a house and lot of J. B. Donnelly, price not known. — Mrs. Thomas Farley, who has been sick for some time, remains about the same. — Rev. Masters filled his regular appointment at the Christian Church, Saturday and Sunday. — Mrs. D. B. Rainbo, who has been sick, is much better. — G. W. Murphy is putting up a new house near town and will move there in the near future. — Dr. R. G. Webb was called to East Bernstadt, Monday, to see a patient. — Rev. Young, of Mt. Vernon, was here Sunday night and gave an interesting talk at the Christian church. — Died: April 7th, Mrs. Fannie Bonds, wife of Louis Bonds, near Mallins Station. EVERY AMERICAN'S DUTY.

To work, economize, and lend money to the Government is the duty of every American.

Hundreds of thousands of our men have been called to arms and taken away from the productive forces of the country.

Hundreds of thousands of others have been diverted from producing things used in peace to producing things used in war.

In the face of this lessened productive force and production a great and unusual drain upon our resources is made by our Army and Navy and our allies.

Work and speed-up production to make up for the lessened production; economize in consumption to lessen as much as possible the drain upon our resources; lend your money to your Government to prosecute this war successfully and make our soldiers powerful, effective and victorious.

Every American can do an individual service to his country by working, saving and buying Liberty Bonds.

GERMANY FURNISHES THE PROOF.

Every development since our entry into the war has justified and proved the wisdom, the imperative necessity of America's participation. Every German success and every German failure have shown how necessary to our own welfare and peace, how necessary to the safety and peace of the world the defeat of Germany is. Every foot of ground Germany has been forced to give up, every foot of land she has seized, have demonstrated the absolute necessity of defeating that sinister, intolerable thing called Germanism.

THIRD LIBERTY LOAN BUTTON.

The button which will be given to every subscriber to a Liberty Loan Bond of the third issue, whether a \$50 bond or a \$10,000 one, will have a border of brilliant red, and a blue field with a liberty bell, and the words "Third Liberty Loan" in white. Sixteen million of these buttons are now ready for delivery and will be given out when the subscriptions are made.

AN AMERICAN PEACE.

There can be no peace with honor or safety to ourselves or to posterity, except a just peace, and there can and will not be no other peace. Work for peace accomplishes nothing but the hampering of our effort, the delay of the real peace, and a greater toll of death of America's fighting men. Our duty is to war for a just and righteous peace; to work or speak for any other peace is aid and comfort to Germany—injury and disloyalty to our boys in France.

WHAT YOUR LIBERTY BOND WILL ACCOMPLISH.

\$18,000 invested in Liberty Bonds will equip an infantry battalion with rifles.
\$50,000 will construct a base hospital with 500 beds, or equip an infantry brigade with pistols.
\$100,000 will buy five combat airplanes, or pistols, rifles, and half a million rounds of ammunition for an infantry regiment.

LEVELGREEN RED CROSS

We are having genuine March weather now. — Mrs. Mollie Hatcher is visiting her son, J. N. Hatcher, at Corbin, this week. — R. L. Brown, of Somerset, spent Easter with his mother here. — Miss Ola DeBord has entered school at Berea. — Maurice Thompson has returned from a six-month stay in the "Hoosier" state. — Miss Hazel Price is visiting at Withers this week. — W. E. Thomas and family have moved to his farm near Bee Lick. — Arthur Cummins will run his farm here. — Mr. and Mrs. James Vanhook have returned from Barbourville and will farm this year. — Two small children of John Lovens were buried at Mt. Pleasant within a week; they had whooping cough and measles. — Wm. H. Brown who has been laid up most all winter with a sprained hand and la grippe is able to be out again. — Mrs. O. J. Mullins and children spent from Thursday until Saturday with her parents at Ocala. — Miss Georgia Gentry, who is attending school at Richmond, and her sister, Rose, of Langdon Dormitory, were with their grandmother, Mrs. J. N. Brown, Saturday. — Mrs. A. F. Lawrence spent Sunday with her sister, Mrs. Arch Povner, at Elrod. — Mr. and Mrs. Virgil Eldridge, of Plato, have moved into a tenant house on Giles Shell's farm. — Miss Essie Brown spent from Saturday until Monday with her sister, Mrs. Ethel Hatcher. — Lincoln Burnett, of Whitley county, visited his cousin Mrs. H. P. Broyles, the latter part of last week. — Miss Lucinda Burton died at the home of her brother of tuberculosis last week and was buried at Friendship. — Mr. and Mrs. W. J. Brown and children were down from Crab Orchard, Saturday and Sunday. — Mrs. Maud Brown accompanied them home for a two weeks' stay. — The oil and gas machinery is now located on the farm of Harrison Kirby and have been running day and night.

The activity in sewing will not stay but likely be checked to some extent next two weeks on account of house cleaning time.

It might be well to remind the women of this county that we have demand for many buttons, as there is a shortage of buttons on the market. There are many gross of buttons, such as we need, on discarded clothes that will be burned up or piled in closets during house cleaning time, if you will cut these all off and bring or mail to Red Cross at Brodhead, Livingston, or Mt. Vernon, they will be matched up and help win the war.

Dr. Walker Owens is doing extensive work with his First Aid Class of about twenty women. This is fine work and will have lasting influence in the county; it will help to get a clear understanding of how to treat emergency sickness and accidents; gets the people to handle patients right until a physician can reach them, and teaching of this class will save lives and much suffering.

It would be well for the men in draft age, that will likely be called soon, to avail themselves of this opportunity to take First Aid work. These men will have a chance to use dressings when they will be very effective, and if they would think right about it, they would be glad to form a class and get

lessons at Mt. Vernon two nights out of each week; these first aid lessons will help many drafted men to get work in hospital corps instead of in the trenches, as the army wants men who has special training for this work. Dr. Owens would be glad to teach a class of young men, and he is a fine instructor along the needed lines in First Aid work.

A card index of all selective draft men now in service is in the hands of the Red Cross and Home Relief work will be started in earnest.

YOUR FIFTY DOLLAR LIBERTY BOND.

It will protect 1,000 soldiers from smallpox and 666 from typhoid. It will assure the safety of 139 wounded soldiers from lockjaw, the germ of which swarms in Belgian soil.

It will render painless 400 operations, supply 2 miles of bandages—enough to bandage 555 wounds.

It will care for 160 injuries in the way of "first-aid packets."

It will furnish adhesive plaster and surgical gauze enough to benefit thousands of wounded soldiers.

Every purchaser of a Liberty Loan Bond performs a distinct individual service to his country and to our boys fighting in France.

More Than 400 Farmers
In Kentucky Alone
Are Planting My

SEED CORN

Neal's Paymaster
Germination Guaranteed
95 per cent or Better

NEAL'S PAYMASTER is the answer to the Government's request to grow more corn. It is sure-cropping, heavy-producing, early-maturing. This year's crop depends upon the seed you plant. Don't take chances with untested or low testing, unknown varieties. Be advised by farmers who say that they would have averaged twelve bushels more per acre had they planted Neal's Paymaster. On a forty acre field that means \$1,000 more profit for you.

HERE IS NEAL'S PAYMASTER'S 1917 RECORD:

Highest 1917 record for Maury, my home county—122½ bushels. Made by Mr. Will Calvert.

On a number of other farms, the average was upwards of 100 bushels.

Mr. Hill McKibbin, on a large field, averaged 90 bushels. The Seed Corn I am offering you is all from the Calvert and McKibbin farms.

I have only about 1,000 bushels of this incomparable, tested Seed Corn left that I can sell to Kentucky Farmers.

Price, \$6.00 per Bushel

Sacks Free. Cash With Order.

A LAY SERMON.

"He that gathereth not with
us scattereth abroad"

Germany has 55,000,000 inhabi-
tants of whom all, or practically
all, are above the age of six years
actively assisting in every possi-
ble way, which accounts for Ger-
man war efficiency.

Our population is twice as great
as Germany's, but only a fraction
of our people are really assisting
our war aims. All who do not
assist us, assist our enemies by
consuming supplies needed by
our forces and the allies.

There is no middle ground.
Unless you "gather with us,"
you "scatter abroad." This
brings up the direct question to
you, are you a friend or a foe of
liberty? Do not imagine you
have done all that is necessary if
you stand up when the band
plays "America." "As ye would
that men should do to you, do
ye even so to them."

Don't feed tramps and starve
soldiers and our allies. Corn
and corn meal are excellent food
but will not stand transportation
to Europe. Wheat and flour will
keep indefinitely abroad and
are badly needed. Our soldier
boys need hard for food, and to
grease their bodies, guns and
shoes. They must have it! Save
and send it.

There is a big cemetery in
East Tennessee with beautiful
monuments pointing upward and
covered with laudations of the
dead. Close by, prone upon the
ground, there is a big cast iron
slab, shaped like a coffin, and
this iron slab recites that it cov-
ers the remains of a "patriot of
1776." "Praises on tombs are
words but idly spent." A man's
good name is his best monument.
Build your own monument by do-
ing your full duty in this war.
So live that a century from now
your descendants can proudly
properly claim that you were "a
patriot of 1918," and point with
pride to what you did in this
terrible struggle.

There is work—real work for
you to do—work to the full meas-
ure of your capacity, and you
can find this work if you want to
find it. Find it and do it. Do
it now or further the cause of
liberty by getting off of this
earth.

COUNCIL OF NATIONAL DEFENSE

Sale of Third Liberty Loan
Bonds goes on very slow in this
county. It is very possible that
some people think they must have
money they will not miss, or in
other words will never need, be-
fore it is their duty to buy Liberty
Bonds, others think if they invest
\$50, they should be very proud
of themselves and are not ex-
pected to do anything more ex-
cept clip the coupons when inter-
est comes due. The time has
been when a man who had money
was looked up to and considered
the very best man in the commu-
nity, but now the man who can and
won't help the nation in its pres-
ent struggle will be looked down
on and it will take an opera glass
to see the little fellow who has
made thousands of dollars off the
boys over there and their families
and now shuts his eyes and stops
his ears when call is made. For
thirty years after this war is over
the boys now in Khaki will rule
this country and the slacker in
all walks of life will reap what he
has sown.

One year ago the Rockcastle
County Council of Defense was
organized and every loyal Ameri-
can in the County was made a
Member. No dues were required;
no obligation taken, except that

which every citizen holds nearest
his heart—to serve his country
first; and the vast majority of
our people, like our boys called
in the selective draft, marched
out and stood by their guns,
producing the largest crop ever
produced in the county. Made
a grand charge to the relief of
the Army Y. M. C. A., which
has never been surpassed by any
division of the U. S. A. consid-
ering population and wealth. For
this victory, especial credit is
due E. R. Gentry and U. G. Ba-
ker, who so skillfully and cour-
ageously managed the campaign,
but the privates—the women and
men who donated freely, should
have their share of the credit for
this gallant work.

The Red Cross, organized in
May, 1917, has held the line. No
German propaganda has beat
them back at any point. The
supply of ammunition (cash) has
been sufficient; the women from
all parts of the county have an-
swered roll call every work day,
and with loving and loyal hearts,
with determination in their eyes
have skillfully worked out a re-
cord in knitting and sewing that
any county of the State might be
proud of. As has happened in
many regiments in all wars, a pri-
vate was promoted to a comman-
der, whom all respected and
adored. In this instance Mrs. J.
F. H. has proven herself a com-
mander of ability and is obeyed
and respected by all. Another
important call will soon be made
on the Red Cross. We in Rock-
castle expect to go over the top
next time. This charge will be
conducted by J. W. Brown, who
is now selecting his Captains and
Lieutenants from all over the
county, and when this division
leaps from the trenches in May,
we predict another victory for
the Red Cross war fund, which
will help win the war as sure
as a gun is iron.

The Third Liberty Loan cam-
paign is now on. W. L. Richards
and Miss Bess Sparks are com-
manding and before that cam-
paign is over the people of
Rockcastle will know that a
great charge has been made,
and that Rockcastle is still loyal
American territory, helping with
her money as well as her men.

Powers Quits Race For Congress.

Baltimore, Md.,

April 4th, 1918.

To my friends:—
Last year, I had to leave
for several months my congres-

my shattered health. This
year, although I have taken
every possible care of my-
self, I have been forced to do
the same thing.

I first went to a sanitarium
in Washington, where a very
serious operation was strongly
advised. Not desiring to under-

She had been sick since Novem-
ber, 1917, of that dread disease,
tuberculosis. She was laid to rest
at Union, Tuesday the 9th, to
await the call of her Master.—The
carpenters are here building an
engine shed, which will be 75 feet
wide and 100 feet long. Aren't we
going some.—J. P. E. Drummond,
Livingston Bulletin editor, has
treated his residence to a new coat
of paint, and you bet it shines.—
A man in passing up Round Stone
creek horseback, a few days ago,
was riding a wild horse and a cer-
tain bend in the road the horse
began to get frightened, the rider
thinking that he heard the exhaust
of a Ford car coming, got down
and took the animal by the bridle
and held him and awaited for the
supposed machine, which he knew
would pass in a few seconds, but
after waiting for nearly a half day
he gave up all hopes of the auto
coming and mounted and started
off, when to his surprise the
bushes parted and our old friend
Wm. Hicks walked out with a slab
on his shoulder and that explained
the mystery. Mart had his saw
mill in that clump of bushes and
had succeeded in getting a slab
cut off and he was doing the off-
bearing himself.—Miss Mar-
guerite Fallas and Miss Pansie
Carter, who are attending school
at Corbin, were with home folks
Sunday.—Willie Singleton and
Miss Ellen Langley were quietly
married at the residence of the
brides grandmother, Mrs. David
Owens, April 6th. Mr. Singleton
is the son of Mr. and Mrs. J. E.
Singleton, and the bride is the
beautiful and accomplished
daughter of Mrs. Lottie Langley,
deceased, granddaughter of
Mrs. David Owens. They will
make their future home in Liv-
ingston. May a long life and hap-
piness be theirs.—J. A. Oliver,
traveling salesman of Winchester,
was with our merchants Wednes-
day.—J. L. Reynolds has returned
from a few days visit with rela-
tives near Quail, Ky.—Mrs. G. V.
Caloway has returned from a few
days visit with her relatives at
Berea.—Walter Rich of Hamilton,
Ohio, is spending a few days with
his mother, Mrs. W. M. Rich, of
this place.—The hail storm, a few
nights ago, played havoc with the
roofing of the houses here, only a
few exceptions with more or less
damage as the hail was of an un-

usual size and fell in vast quan-
ties.—The Red Cross people are
getting along splendid in this oc-
casion and a great many seem to
take an interest in the work, and
we believe we have come to the
point where all should get busy.—
S. C. Franklin, L. & N. watch in-
spector, was here between trains,
Tuesday.—Miss Marie Rambo
and Juliette Griffin visited Mrs. W.
L. Gray a few days latter part of
week at Sinks. The parties that
had small pox near town are all
well, no one else having taken it
so it is to be hoped that small pox
has been permanently checked.—
Lee Mullins, who has a position
in the coal fields south of here, was
with home folks Sunday.—W. M.
Singleton will go back to work at
the Eight Gables restaurant, and
B. H. Heilard will go back to clerking
for J. P. E. Drummond.—B. H.
Griffin will go to Hattiesburg,
Miss., next week to see his brother
G. S. Griffin, Jr., who is in Uncle
Sam's service and one who wants
to help put the Kaiser, Hinden-
burg and the Crown Prince out
of business.—Well, it seems we
are getting winter on the install-
ment plan. The fruit may be
considerably damaged.

Miss Clyde Watson visited her parents at Broadhead Sunday.

Joe Childress was in town Sunday the guest of relatives and friends.

Mr. Z. T. Counsel suffered a slight stroke of paralysis this morning.

Old Baker has moved to Mrs. Mattie Mullins' property on Gen. try Lane.

Mrs. E. S. Albright has been very sick the past week with an abscess in the ear.

Mr. and Mrs. Rudolph Traub, of Scranton, Penn., are with Mr. and Mrs. Fritz Kreuger.

Miss Winnie Fatin has an attack of grip and could not return to school Monday.

Mrs. Cleo Brown was in Richmond Monday to attend to some business matters connected with the post office.

S. C. Franklin, L. & N. watch inspector, meets all local freight trains at depot for comparison of timepieces of trainmen.

Mrs. E. R. Gentry received a cablegram this morning from Mr. Gentry saying that he had landed safely at Bordeaux, France.

Col. Jim Maret left today for Winchester, where he resumes work as State Road Inspector, during road construction season.

Miss Georgia Gentry, of Level Green, who is attending Richmond Normal School was home for a few days. She returned Monday.

Sergeant Fred McFerron was home for one day last week from Camp Gordon, Atlanta, Ga. He expects to be in France within the next few weeks.

Jas. Williams, son of Mr. and Mrs. M. C. Williams who is now Regimental Supply Sergeant, at Camp Shelby, is here on a short visit to Mt. Vernon relatives.

Louis Miller was on April 1st made Battalion Sergeant Major. Louis' Mt. Vernon friends are proud of his record and expect to hear of his going still higher.

Miss Huldah Shoreman of Ashland, Ky., at present a student of Richmond Eastern Normal School was an attractive visitor of Miss Christine McFerron for the week end.

Logan Bryant and W. N. Thompson, son of George Thompson, of the Quail section, have volunteered for special service as automobile drivers and mechanics and will leave Sunday night for Indianapolis, where they will have a few weeks special training. Oscar D. Bryant will have charge of Bryant Bros. garage.

There are butterflies in tropical regions of South America that measure 14 inches between the tips of the wings.

Miss Ruth Landrum entertained with a six o'clock dinner party for Miss Shoreman. The guests were Misses Shoreman, Christine McFerron, Sydney Crawford and Amy Proctor. Afterwards the guests, with Messrs Richard Cox, Robert Fish, John Albright and Ramey Richards attended the penny social given by Miss Bonnie Nicely at the Masonic Hall. They then progressed to the home of Miss Christine McFerron where delicious sandwiches, olives, pickles, cake and hot chocolate were served.

A toad is a valuable assistant to the gardener. He will destroy more than 50 times [his] own weight in insects every year.

Mr. Connie Gleason and Miss Anna Rickels, daughter of Mr. and Mrs. Jas. Rickels, were married at Hamilton, Ohio, on April 10th. They will make Hamilton their home.

Only two or three varieties of spider found in the United States are poisonous. Spiders are very useful about the garden, as they destroy thousands of harmful insects and pests.

Photographs of mutilated Belgian children, girls, committed by the horrible Germans, can be seen at S. C. Franklin's shop. If one can view these pictures and remain a "slacker," he is not fit to be a citizen of America.

Misses Sydney and Virginia Crawford entertained at dinner Sunday. The guests present were:—Misses Huldah Shoreman, the attractive guest of Miss Christine McFerron, Tavis Beathum, Christine Davis, Christine McFerron and Ruth Landrum.

More than 120 automobiles have braved the mud and weather over the route from Cincinnati via Crab Orchard, over the Boone and Dixie Highways, thru Cumberland Gap, for points in Virginia, Tennessee, North and South Carolina during past thirty days.

The present cold weather will make the fruit crop very short. It now looks like blackberries will not produce this year on account of the briars being killed by severe winter weather. This means more gardening, so when you plant remember if there is less fruit there must be more vegetable tables.

At a meeting of the Board of directors of the Peoples Bank held Monday, F. L. Thompson Jr., Cashier offered his resignation effective at once which was accepted. Floyd E. Miller who has been assistant cashier for past three years was elected cashier. As yet no one has been selected for assistant cashier.

A motorcade of thirty Ford machines, en route from Cincinnati to Greenville, South Carolina, passed thru Mt. Vernon twice yesterday. On arriving at Livingston they were advised that the ferryboat at Parkers Creek had broken loose and floated away. The cars were detained via Nashville, 250 miles off the direct route of the Dixie-Boone highway.

The South American Papuan bean grows pods to the length of thirty five inches and weighs eleven pounds each. There is a man down on the creek, (name deleted), whom it is claimed could worry one of these bean, pod and all, at one meal, provide a couple or three pounds of bacon or jowl, was cooked along there with.

We note in some of our exchanges, complimentary notices of efficient and accommodating postmasters. This is the right spirit. Where a person does his or her duty they surely deserve kindly mention. What we started out to say was that Mt. Vernon patrons of Uncle Sam's mail facilities are as well, if not better served than any at other offices in our old Commonwealth, bar none.

J. M. Craig shipped from Broadhead yesterday to his farm near Lancaster, a car load of hogs bought in Rockcastle. He got 38 shoats from Gus Staverson at 17 cents; from Sayers and Ham 27, 165-lb. feeders at 17 cents; 4 from K. J. Smith at 17 cents; 10 from D. M. Cress at 17 cents, and 13 170-lb. feeders from Charley Sowder at 17 cents, and 7 which weighed 120 lbs. from J. A. Acton at 17 cents.

Three miles out on the Copper Creek road from Mt. Vernon is a farm of our merchant, J. Fish, is a splendid six-acre tract of wheat, none better in the county. It might be called a volunteer crop, as no wheat was sown there during the year 1917, altho a crop from a sowing of 1916 was reaped last year after the wheat had reached an advanced stage of ripeness and it is supposed that grains fell from heads when being harvested. There was a crop of buckwheat raised on this same tract after wheat was cut. The ground was plowed before buckwheat was sown.

BROADHEAD

At five o'clock last Friday afternoon, at the home of the bride, the Rev. J. W. Masters, pronounced Miss Gertrude Bowling, and Mr. Grant Baker, man and wife. Mrs. Baker is the only daughter of Eld. and Mrs. L. N. Bowling, and a great favorite of the family as well as of her many friends, and to say that she will be missed from our number is just as light a way as we could possibly express it. Mr. Baker is a business man of Laurel county, and is a gentleman in all the word implies. His father is a large owner of real estate and is a stock trader of considerable note. To these young people we join their many friends in wishing them a happy and prosperous married life.—Prof. J. L. Pilkenton has accepted the position of Superintendent at City Schools in Corbin, and will move his family there in a few months, possibly not before August. Mr. Pilkenton has been principal of the Graded and High School here for several years and has done great work for the town and community, and has many friends here who learn with much regret that Mr. Pilkenton and his estimable family is to leave us, and the saving that it never "rains but it pours" seems to be coming our way just now, as Mr. Wm. Richie has accepted the principalship of the Corbin High School and will go there to begin the fall term along with Mr. Pilkenton. During their short stay here Mr. and Mrs. Richie has made a number of warm friends who are sorry to see them leave us; but opportunity knocks at every man's door and Mr. Richie and Mr. Pilkenton feel that a golden opportunity has been presented to them worth going after. Corbin is just completing a new four-thousand-dollar school building, and are sure doing things in an educational way, and with men like those we are sending them, we predict greater things than ever came their way before.—Mrs. J. J. Albright was in Louisville last week shopping.—The revival at the Christian Church closed Friday evening, of last week, with twenty nine additions.—Mr. and Mrs. A. E. Albright left Wednesday for Richmond, Va., to see a specialist for Mrs. Albright, and will likely be away from home several weeks before returning. Mrs. Albright's condition is greatly improved but they are naturally anxious to leave no stone unturned in search for a permanent cure. Their many friends here are anxious that much success will attend their efforts.—Mrs. J. H. Humble left Thursday for Newport News, Va., to spend a few days with her husband, Lieutenant Humble.—Mr. and Mrs. W. H. Anderson accompanied Mrs. Daisy Hunt, and son, Lewis, to Richmond, Wednesday, to see Mrs. Gibson, who is treating Lewis Hunt. The trip was made in Urban Cass Ford.—M. B. Brock sold E. L. Ostrone a pair of two-year-old mules this week for three hundred dollars.—The honor roll in Room No. 3, Broadhead Graded School, for this week follows: Mary and Elbert Belcher, Marguerette Albright, Herman Oliver, Lucy Harris, Nellie Ballard, Bertha Brummett, Thos. Albright and Virginia Meredith.—Eld. H. T. Young and Atty. J. W. Brown lectured in interest of the Men and Millions movement at the Christian Church, Wednesday evening.—Miss Lucile Pilkenton, daughter of Prof. and Mrs. J. L. Pilkenton, and Roy Sowder, son of Mr. and Mrs. W. H. Sowder, were married at Jellico this week, and returned home Wednesday evening. These are splendid young people and have a host of friends here who join in wishing them a happy and prosperous wedded life.—Mrs. Logan McCall, of Stanford, was the guest of Mrs. J. J. Albright during the week.—Mrs. J. J. Painter and children were up from Stanford this week and spent a few days with her mother, Mrs. L. N. Vanhook.—W. T. Brooks sold a tract of land to Patrick Harris this week for four hundred dollars.—Mrs. Elizabeth Oliver sold a small farm on Negro Creek to Mrs. Maud Atkinson this week for six hundred dollars. Mrs. Oliver and her son, Charley and his family, will likely move to Casey in the near future.

D. C. Edwards, ex-Congressman, of London, may be a candidate for Congress.

BIDS WANTED FOR SCHOOL HOUSES.

The Board of Education having failed to receive satisfactory bids for buildings, will meet on the last Saturday in April (27th), and accept bids to build a house in Pine Hill District, No. 33, house to be 30x48 feet, containing two rooms with small porch.

District No. 10 (Scaffoldcane), 2½ miles north of Conway, District No. 59, near mouth of Skeggs Creek. These houses are to be of same size and material as the houses of 1917, except the roof is to be of the bungalow style, and the windows are to be in one side and one end instead of being placed on both sides. Those wishing to bid on these houses can call in the offices of the county superintendent on Saturday morning for full information.

J. O. SCOGGIN,
Supervisor of Schools,
Rockcastle Co., Ky.

Miss McFerron gave an informal luncheon for Miss Shoreman plates were laid for the following guests: Misses Ruth Landrum, Virginia and Sydney Crawford, Huldah Shoreman and Christine McFerron. Messrs Richard Cox, Hyatt Crawford and Ramey Richards.

W. J. Sparks Co. sold this week to Rev. H. T. Young 20 good feeders at 16 cents; to Owen Duvall, of Preachersville, about 47 at 16 cts; to J. C. Estes, of Berea, 58 shoats at 16½ cents. The W. J. Sparks Co. sold these to make room for forty odd good brood sows, which they have on the farm.

Mrs. Matilda Cox, age 69 years and six months, died at her home here Tuesday night. For many years she had been practically an invalid, but for the past four years or since the death of Mr. Cox, she has been blind and otherwise almost helpless. Mrs. Cox was a native of Rockcastle and as expressed by Rev. Young in his short talk at the grave, the life of the deceased had been a beautiful christian life and the splendid family which she raised fittingly portrays her life. She was laid to rest yesterday afternoon in Elmwood cemetery beside her husband who preceded her to the grave a little less than four years.

Wade Graves ploughed up a wild sweet potato, on his Skeggs Creek farm last week, weighing ten pounds and on the same day unearthed an Irish potato of eight pounds in weight. These curiosities were brought to Dr. Lovell, the geologist, for inspection. The Doctor has them at his office and is wrestling to determine upon some sort of proper definition or explanation of the why and wherefores of these freaks produced by the vegetable kingdom.

Mrs. Mary J. Stevens, aged 75, who died at Athens, Ga., was brought here last week for burial at Plato. The remains were accompanied by her daughter, Mrs. Dicie Moore, Miss Eva Roark, Chris Stevens, Fount Stevens and Amart Stevens, of Georgia; Mike Roark, John Moore and Will Moore, of Corbin. Mrs. Moore moved from here to Georgia thirty-two years since, when her brother-in-law's, Walter Tumble, family went south. Mr. Tumble worked here on railroad section and lived in a house that was on the lot now occupied by the Boone Way Opera House.

P. R. Smith, who was section foreman here some thirty odd years ago is living at Gainesville, Georgia.

The last Congress made appropriations amounting to \$18,000,000,000. If silver dollars in this amount were poured out into a pile and eight men furnished with baskets were put to picking up the money at the rate of \$100 per minute, working ten hours per day, it would require 100 years to gather up the coin.

Better not give some of Mt. Vernon's citizens such an opportunity. Some of them would overgo the limit and drop dead long before the expiration of the first ten hours, from a broken back, attempting to carry big loads.

The Place Where Style and Quality Meet

An Iowa girl whose sweetheart was sent to France with the American forces, heard from him two or three times after his arrival over there, then it was some time before she received another letter. When it came the soldier said in it that he was a prisoner in the hands of the Germans but was getting plenty to eat and had good sleeping quarters and was receiving kind treatment. A short time later the girl received, by mail, the soldier's wrist watch which she took to the jeweler for repairs. The jeweler found a note in the watch, written on very thin paper and rolled into a small wad. It read as follows: "No truth in letter sent you. They have cut off one of my hands and nose. I will never see you again. Good-bye."

It is regrettable to note that the Fiscal Court has not as yet seen its way clear to make arrangements for the employment of an Agricultural Agent or County Agent as designated by same, for the whole county. Under present conditions only the northern portion of the county gets the attention of such an agent, and we understand that it is at the expense of the Government and aid from other sources than from our county. Mr. Spence, County Agent, of Berea, who has been of

vast benefit to the northern portion of the county, has often "deadened over the line" and volunteered his services, when he had the time to spare, and has gone into territory, where requested, and rendered very valuable services to the farmers in addition to his innumerable duties in parts of Madison, Estill and Jackson counties. His activities during the past three years has caused an increase in the value of farm products, poultry and live stock more than \$50,000 in North ern Rockcastle.

An exchange gives an incident that illustrates the impossibility of telling where the trouble resulting from a mortgage will end. A man mortgaged his farm to buy his wife a pair of earrings. The wife took in washing to pay the interest on the mortgage, and the first day lost one of the diamonds in the suds and tried to hang herself in the barn, but the rope broke and she fell on a \$150 Jersey cow, breaking its back.

KENTUCKY WILLS TO WIN THE WAR

PEOPLE DISPLAY THE RIGHT SPIRIT TO HELP BOYS AT FRONT.

ARE WILLING TO SAVE WHEAT

Food Administrator Delighted With Splendid Enthusiasm of Blue-Grass State To Give Up Men, Money and Food For Liberty's Cause.

—Louisville, Ky.

Telling blows against the Germans are being struck by the Food Army of Kentucky—the army which includes all the farmers of the country, all the city people who are raising war gardens, and all the people in both city and country who sit down to three square meals a day. All parts of the state are represented in the army raised by the Food Administration and which, under the banner reading "Food Will Win the War" is conducting the big Spring Offensive against waste at home and hunger and want in the ranks of the Allied soldiers and their dependents.

Federal Food Administrator F. M. Sackett is pleased at the work being done. Kentucky is a hard state to reach, but it can be reached, and it has been reached. Mr. Hoover's administration, "Food Will Win the War," is being heeded, and President Wilson's injunction to "enlist in the service of the Food Administration" is being followed unreservedly.

Every county in the state has a Food Administrator. Any mill, any merchant, any farmer, any consumer troubled by a vexing technical regulation can get his troubles removed, or settled, by going to the nearest county seat. And the administrators without exception report a willingness to cooperate which is met with everywhere. "If wheat is needed, wheat will be raised in my county, even though a financial loss is entailed," is the way one administrator put it in conversation recently. "Then it is necessary the people who raise it will sell it all, so our soldiers and their associates in arms can get it, and themselves eat bread all the year."

Something of that same spirit has been manifested both by producers and consumers everywhere in Kentucky. Mr. Sackett was not at all surprised at the composure with which the wheat-saving regulation was promulgated, for this very reason. The late regulation says no person must consume more than six pounds of wheat month, which is one and one-half pounds a week.

"And that means six pounds of wheat products, too," one administrator explained. "It does mean six pounds of bread, and then lot of macaroni and cakes and cracker, too. It means six pounds of wheat products per person per month."

Soldiers and their families must have bread. Wheat is the only bread-making product which can be sent to Europe now. Corn would germinate during the long journey. American and Allied soldiers must have wheat bread or quit fighting; hence the Food Administration has asked the people of Kentucky to limit themselves to six pounds of wheat flour per month.

Continue Wheatless Days.

Federal Food Administrator F. M. Sackett advises the continuance of wheatless days. "Continued observance of wheatless days and meals will aid in keeping consumption down," Mr. Sackett said. "People are offered the alternative of saving wheat by doing without entirely on certain days and meals, or by using less at a time, but I would recommend both. Saving wheat is a military necessity and individual consumption must be held to six pounds a month if we are to win the war."

"Potato Week" has been highly successful. Merchants everywhere pushed the sale of potatoes and it is believed potatoes were found on the dining table at every meal in a majority of homes. Mr. John W. Burns, of the Food Administration office in Louisville, who has had years of experience in the milling business, estimates that the people of Kentucky have saved 10,000 barrels of flour by eating potatoes during "Potato Week."

No Seizure Needed Here.

The announcement comes from Washington that the appeal to farmers of the whole United States to patriotic and bring all their wheat to market has met with an unsatisfactory response in some sections of the country that has been rather distressing. If the Washington announcement had been put in plainer words, it would read: "Some American farmers are not patriotic. They think more of getting a little extra money for their wheat than they do of the American and associate soldiers who need bread so badly."

But Washington has sent out another announcement. It is that unless the farmers market their wheat by May 1 the Government may seize it.

Kentucky farmers can not understand why such drastic action should be necessary. Kentucky farmers realize that a farmer who holds on to his wheat when the army needs it, trying to extort more money in payment therefor, is just as heartless as the man who refuses to give a soldier a drink of water.

The descendants of the patriots of Washington and Paul Jones are fighting once again side by side with the descendants of the patriots of Lafayette and Rochambeau. The time and opportunity have come for a nation to pay a great debt of gratitude for service rendered in great national need and America is paying France the debt she long has owed.

In the Revolutionary War for the freedom of America the French fought on American soil under the command of an American. To day in the war for the freedom of France and for the preservation of Liberty of America, and indeed to all the world, Americans fight on French soil under the supreme command of a Frenchman. The honors are even and the honors are great.

No true American who knows the history of his country and loves the honor of his country but thrills at the thought of the American Army in France. The invincible American will turn the tide of war; they will bring to France and her allies a victory for liberty such as France assisted us to win, and repay with interest a debt to liberty and to France long owing and honorably acknowledged.
